EUROPEAN COMMISSION FOR DEMOCRACY THROUGH LAW

REPUBLIC OF LATVIA

**DRAFT LAW ON ELECTIONS
OF THE FIFTH SAEIMA**

REVISED TEXT OF ARTICLE 51

"The Central Electoral Commission determines the deputies elected in sub-districts in the following way :

All candidate lists are arranged according to the total number of votes cast for them in all constituencies, beginning with the lists of candidates who have received the most votes. When a threshold of 80% of all votes cast is reached, an evaluation of the remaining lists is carried out. All remaining lists that have received 2 (3, 4 options) or more of all votes cast, also participate in the distribution of deputies seats."
